

# **Truckee North Tahoe Forest Management Program**

**The Truckee North Tahoe Forest Management Program (TNTFMP) is a pilot program bringing resources to private landowners to plan and implement critical wildfire resilience and forest health projects on their properties. To be eligible to apply for funding, landowners must own greater than 3 acres and less than 5000 acres of private, non-industrial forestland.**

**TNTFMP provides technical assistance or funding for various types of work including developing a management plan, CEQA preparation, tree and brush thinning, tree release, pruning, site preparation, tree planting, and work to support tree growth.**

**Please visit the website below to learn more about eligibility and how to apply.**

**Join us on virtually on March 9th at 4pm for an application workshop. Landowners will learn about the program and application process. Visit the website below to register. A recording will be made available.**

**FOREST  
FUTURES**

**Visit [ttcf.net/tntfmp](https://ttcf.net/tntfmp) to learn more.**

**Funding for this project provided by the California Department of Forestry and Fire Protection's Wildfire Resilience Program.**
