

A full-page background image showing a person with a beard and long hair, wearing an orange jacket, sitting on the edge of a wooden pier or dock. They are looking out over a calm lake at night. The Milky Way galaxy is clearly visible in the dark sky, arching from the upper left towards the center. The lights of a town are visible in the distance across the water, and their reflection is seen on the lake's surface. The overall scene is serene and majestic.

IMPACT AGENDA

2023

25 YEARS STRONG

WE CONNECT PEOPLE AND
OPPORTUNITIES, GENERATING
RESOURCES TO BUILD A
MORE CARING, CREATIVE,
AND EFFECTIVE COMMUNITY.

TAHOE TRUCKEE COMMUNITY FOUNDATION

Tahoe Truckee Community Foundation (TTCF) has proudly served our region for 25 years. You have been our partners as community leaders, nonprofits, volunteers, donors, advocates, team members, and trusted collaborators. Together, we have faced challenges unique to our mountain region, as well as national and global crises.

In 2017, TTCF announced our **Impact Agenda**, a new paradigm – one that focuses on readiness by anticipating community issues and reshaping the systems that perpetuate them. This ambitious plan transcends any single organization or sector, and calls upon all of us to work together. In a rural community, this means making the most of our resources, engaging our community, and empowering people from all backgrounds.

In the following pages, you will delve into three core initiatives: **Family Strengthening**, **Housing Solutions**, and **Forest Futures**. We never could have predicted exactly how swiftly our readiness would be tested through wildfire, a global pandemic, and civil unrest. Alongside our trusted partners and local leaders, we have been nimble and effective in our responses.

Throughout this time, we confirmed that what is important to the community is important to us. We continually observed that community issues are all interconnected and don't fall into separate issue areas. To tackle the challenges ahead, we will continue to engage the problem solvers. This entrepreneurial spirit is how a year-round mountain town remains resilient and innovative, no matter what the future holds for our community.

Ever forward,
The TTCF Family

WE LOVE THIS PLACE

Communities around the globe face their own regional challenges. While some of them might feel the same, such as a housing crisis, local solutions must bubble up from the leadership, resources, and opportunities that are on the ground. As a community foundation, we are in a unique position to work across the community to understand the issues, engage with trusted partners, and develop solutions.

North Tahoe-Truckee is one of the best places on Earth – to live, to vacation, to simply be. This is not a secret. Each new community member brings new connections, vision, and opportunity. However, growth also exerts influence and pressure on our economy, natural environment, infrastructure, and social fabric. We see the impacts in our people and to our place.

Our focus on initiatives demonstrates the interconnectedness of our work in the region. Together with our partners, TTCF builds trust in one another through honest conversations and innovative solutions.

BECOMING READY

In 2017, we designed the Impact Agenda inspired by The Capital Absorption Capacity (CAC) Framework. By focusing on community readiness, we have attracted resources that are aligned with our broader regional goals for maximum impact. The CAC Framework is built on these **three pillars**.

THE ROLES WE PLAY

Listener
Convenor
Data Provider
Capacity Builder
Systems Engineer
Communicator
Advocate

\$123 MILLION ATTRACTED, AND COUNTING

Our first **Impact Agenda** made a bold declaration: TTCF set out to attract more than \$100 million to our region. This audacious goal seemed improbable for a small rural community foundation. It was, but we never intended to do it alone. Before the five-year mark, we're proud to share that we have surpassed that goal and are climbing.

Through our fundraising and advocacy within TTCF's initiatives, TTCF directly raised **\$16,870,316**. This work leveraged an additional **\$106,637,085**. As of publication, the total funds attracted to regional projects equals **\$123,507,401!**

THE INITIATIVES

In North Tahoe-Truckee, housing, families, and forest health are all interconnected issues. When we chose these areas of focus, we knew they were vital to protecting what is most significant to us. As we navigate the challenges that impact this region, we understand that resources are best attracted to aligned strategies and engaged leadership.

STRONGER FAMILIES

The physical, mental, and spiritual health of those who live here reflect the health of our community. This work includes reaching families and individuals where they are to assist with all their needs, developing the leaders of tomorrow, and preparing for emergencies of all kinds.

- **Convening Regional Collaboration** through the Community Collaborative of Tahoe Truckee
- **1,136** Regional Leaders Trained
- **\$8.5 Million** Community Scholarships Awarded
- **12** Organizations Prepared for Emergency Coordination

\$24.1 Million Attracted

HOUSING FOR THE PEOPLE

Supporting a healthy workforce by ensuring everyone has safe and stable housing.

- **Facilitating Regional Collaboration** through the Mountain Housing Council
- **618** New Affordable Units Built
- **400** Existing Homes Unlocked for Local Workers

\$83.6 Million Attracted

PROTECTING THE FUTURE OF OUR FORESTS

Megafires and climate change threaten our forests. We turn to forestry experts and entrepreneurial solutions to heal our forests, prepare us for the worst, and unlock new streams of regional income. These numbers reflect just the beginning.

- **5,249** Forested Acres Impacted*
- **20** Jobs Created

\$15.8 Million Attracted

*This includes acres that are impacted by being researched, monitored, or treated for fuel reduction or fire recovery.

A STRATEGY FOR RESILIENCE

The challenges that would soon disrupt our lives were only peeking over the horizon in 2017. We had no idea they'd sweep in as heavy and inescapable as a global pandemic, two catastrophic wildfires surrounding our region, a record breaking winter, and a growing housing crisis. Meanwhile, all around us, neighbors of all ages silently struggled with mental health needs.

We knew we were facing challenges that were much bigger than us, bigger than any single organization or grant cycle. It became clear that reacting to issues as they arose wasn't working. A better strategy emerged. One that brought diverse players with their own unique knowledge and skills – schools, businesses, health care systems, nonprofits, local leaders – to lay the groundwork for systems change.

Looking forward, TTCF sees an opportunity to transform the way our region approaches all challenges, a way to make **strategic readiness** part of who we are. TTCF has two key strengths to lend to this effort. First, by nature of being a community foundation and managing endowments, we play the long game. Second, as a grantmaker and community leader since 1998, we value the trust and expertise of our community leaders, and incorporate their voices and strategy so that we are smarter together. Five years into this work, TTCF has grown a rich network of partners who inform every step.

POWER IN NUMBERS

FAMILY STRENGTHENING

Community Collaborative of Tahoe Truckee Partners: Adventure Risk Challenge • Aim High • Alta Regional • AMI Housing • Big Brothers, Big Sisters of Northern Sierra • Boys & Girls Club of North Lake Tahoe • Child Advocates of Nevada County • Connecting Point 211 (Nevada County) • Excellence in Education • Foothills Truckee Healthy Babies • For Goodness Sake • FREED • Gateway Mountain Center • Girls on the Run – Sierras • Granite Wellness Centers (formerly CORR) • KidZCommunity Head Start • KidZone Museum • Mental Health America of Northern California • Mercy Housing/ Riverside Homes • Nevada County Human Services Agency • North Tahoe-Truckee Homeless Services • Placer County Health and Human Services • Placer County Network of Care • Placer County Office of Education • Placer County Sheriff's Office • Read Up • Sierra Agape • Sierra College • Sierra Community House • Sierra Mental Wellness Group • Sierra Nevada Children's Services • Sierra Senior Services • Sierra Teen Education Parenting Program • SOS Outreach • State of California, Department of Vocational Rehab • Tahoe Food Hub • Tahoe Forest Health System • Tahoe Truckee Community Foundation • Tahoe Truckee Unified School District • Truckee Lutheran Presbyterian Church • Truckee North Tahoe Transportation Management Agency • Truckee Police Department • UC Davis Tahoe Environmental Research Center • Uplift Family Services • Victor Community Support Services • Western Sierra Medical Clinic

Coalition Partner List: Child Abuse Prevention Council • Tahoe Truckee Future Without Drug Dependence • Tahoe Truckee Perinatal Outreach Team • Tahoe Truckee Reads • Tahoe Truckee Suicide Prevention Coalition • United for Action • Tahoe Truckee Homeless Advisory Committee

HOUSING SOLUTIONS

Mountain Housing Council of Tahoe Truckee Partners: Community Collaborative of Tahoe Truckee • Contractors Association of Truckee Tahoe • Donner Summit Association • Martis Fund • Mountain Area Preservation • Nevada County • North Tahoe Community Alliance • North Tahoe Public Utility District • Olympic Valley Public Service District • Palisades Tahoe • Placemate • Placer County • Sierra Business Council • Sierra Community House • Sugar Bowl Resort • Tahoe City Public Utility District • Tahoe Donner Association • Tahoe Prosperity Center • Tahoe Regional Planning Agency • Tahoe Sierra Board of Realtors • Tahoe Truckee Community Foundation • Town of Truckee • Truckee Chamber of Commerce • Truckee Downtown Merchants Association • Truckee North Tahoe Transportation Management Association • Truckee Tahoe Airport District • Truckee Tahoe Workforce Housing Agency • Vail Resorts | Northstar • Visit Truckee-Tahoe

CLIMATE ACTION THROUGH FOREST FUTURES

Advisory Committee: Chris Kolhardt, Software Engineer • Erin Kilmer, Executive Director + Chief Impact Officer at Beneficial State Foundation • Graeme Armstrong, International General Manager, Innovation leader and Chemical Industry Expert • Geoff Edelstein, Co-Founder, Principal and Portfolio Manager of Granite Investment Partners, LLC • Hannah Sullivan, Co-Founder and Partner of Emerald Bay Wealth Management • Jamie Allison, Executive Director at Walter & Elise Haas Fund • Kristin York, Vice President of Business Innovation, Sierra Business Council • Lauren OBrien, Vice President of Sales & Marketing, Cloudastructure, Inc. • Megan McTiernan, Social Impact Advisor • Nancy Huang, Chief of Staff at Draper Richards Kaplan Foundation

Project Consultants: Teal Brown Zimring, Managing Partner of Galvanize Partners • Robert Suarez, Co-Founder and Director of Forest Ventures Lab

EMBRACING POSSIBILITIES

There are no quick fixes to the problems we face. They must be solved through a tapestry of unique tools, ideas, and side-quests. With each playing its part, we can weave them together to strengthen the fabric of our community.

The closest allies in our fight are those who face the challenges daily. TTCF works hand-in-hand with our local partners and community members so that our strategies are informed by real data and lived experiences. We actively seek out solutions and supporters who are also willing to explore uncharted territories.

VENTURES CATALYZED

Community House EST. 2014 - An impact investment securing a shared headquarters for safety net services was fortified by a merger of four safety-net organizations in 2019. Sierra Community House is the central hub for families to receive critical support for their well-being and safety.

Mountain Town Community Foundations EST. 2017 - A networked group of colleagues sharing resources and ideas to address mountain community challenges.

Mountain Housing Council EST. 2017 - A 29 agency partner network, committed to accelerating housing solutions for our region.

Placemate FORMERLY LANDING LOCALS - A social enterprise, seeded by TTCF in 2018, connecting homeowners and renters to unlock homes for local workforces across the country.

Behavioral Health Road Map EST. 2021 - A strategic partnership highlighting gaps and opportunities to better serve the mental health needs of our region.

Community Organizations Active in Disaster (COAD) EST. 2022 - A regional force of community partners providing a unified front for disaster preparedness.

The Housing Hub EST. 2023 - A social enterprise fostering innovative housing solutions for our small-scale developers.

Forest Entrepreneurs Competition - Launching 2024. A regional challenge growing market-based solutions for regenerative forest practices.

Forest 'Tonka' Truck Strategy - 2023/2024 seeking seed funding. A social enterprise providing access to large equipment for private landowners, allowing more efficient forestry management.

TOMORROW'S TRAILBLAZERS

A community foundation serves its region across generations, and acts accordingly. TTCF believes that a community's strength is tied to the sense of belonging that we feel to one another and to this place. It is that kinship that inspires people to show up for their community.

TTCF is deeply committed to, and invested in, nurturing individuals who are eager to enhance their leadership skills, making the path to growth accessible to all. We are dedicated to providing our next generation with unparalleled access to education, training, and support networks. As well as cultivating an environment where every aspiring leader can thrive.

KEY ENDEAVORS

Youth Scholarships - A total of \$4,836,907 has been awarded since 2012, supporting our young people who wish to pursue trade school and collegiate institutions. An additional \$3.4 million has been facilitated with outside community scholarship groups.

Supplemental Scholarships - Since 2022, these scholarships promote contribution back to the community. In the first two years, \$275,000 scholarships were awarded to 20 young adults to propel them toward their goals.

Board Governance - By training 189 nonprofit board members, this program equips community members with the skills and knowledge needed to serve effectively on various boards. This training fosters a culture of robust and inclusive governance.

On-the-Verge - This program has been a catalyst for emerging leaders, offering comprehensive support and mentorship to individuals poised to make a significant community impact.

Forest Futures Salon Series - Since 2018, this series has been a dynamic platform for fostering insightful discussions and knowledge sharing. It invites diverse voices to contribute to the dialogue surrounding our forest's sustainable future.

READY FOR INVESTMENT

The world is changing, and so is philanthropy.

TTCF is at the forefront of this change, with some of the most innovative cross-sector leaders influencing the way we approach our work. We have expanded the way we think about solving problems, who gets a voice at the table, and the ways we attract, leverage, and disperse funds within our region.

From grantmaking to impact investing, we bring the right type of financial capital to our investment opportunities. Since we first released our Impact Agenda, our endeavors have yielded a 1:5 leverage, amplifying our impact across our initiatives. Our programmatic efforts have yielded a 1:12 ratio.

Having laid the groundwork, we are ready to step into the next phase of this work. We have the partner-driven strategies, innovative opportunities, engaged and trained leaders, and resources to leverage.

25 YEARS AND GROWING

Over the years, TTCF has had the opportunity to work with donors to build a robust track record around grantmaking, scholarships, and impact investing.

\$36.1 MILLION Total Grants and Scholarships Awarded Since Inception

\$5.3 MILLION Impact Investments

\$34.4 MILLION Total Assets Under Management*

ACKNOWLEDGMENTS

Thank you to the thought leaders in the world of community impact who have inspired us along the way. Our strategic plan and the impact we seek is stronger, bolder, and more innovative because of you. Thank you to Robin Hackney, Kresge Foundation and Living Cities; Amy Chung, The California Endowment of Living Cities; David Wood, Director of the Initiative for Responsible Investment at the Hauser Center for Nonprofit Organizations; Anne Marie Brown, Emergent Strategies; Otto Scharmer, Senior Lecturer at MIT and Founding Chair of Presencing Institute; Stephanie Gripne, Impact Finance Center; and Trista Harris and the Rural Futurists Cohort, sponsored by Robert Wood Johnson Foundation. Finally, thank you to Common Future, formerly BALLE; FSG, Collective Impact; Marc Rand and Bert Feuss, Community Capital Advisors; and Janet Topolski, Bonita Robinson-Hardy, and Chris Estes of Communities Strategies Group, Aspen Institute.
