

SAFETY NET PROVIDER UPDATE

JANUARY 2021

What exactly is a safety net? Merriam-Webster defines “safety net” as something that provides security against misfortune or difficulty. It seems like we often don’t think about a safety net until the needs of a community begin to demand that we pay attention to the strength of that net.

The good news is that for over 30 years, the Community Collaborative of Tahoe Truckee has kept a close watch on this important group of nonprofit organizations and public agency programs. Over the years we have supported the convening of more than 45 different partners, tracked data collectively and collaborated on strategy to create systemic change for our community of North Lake Tahoe - Truckee.

This amazing group of nonprofit leaders and public servants make-up the fabric of our safety net services. We seek grants together, share resources and serve the individuals and families in our community. As we all know, these times have been incredibly challenging with untold stresses and increased needs. Our CCTT Partners have navigated the increased demand for their services and risen to the occasion. The many years of working together on collaborative strategy has created the ability to support each other and align efforts to serve.

As part of the Tahoe Truckee Community Foundation, I am proud to see our donors’ generosity to support this important collection of organizations. Together, we have invested more than \$2 million in stabilizing, strengthening and scaling the work of our safety net.

Sincerely,
Alison Schwedner, Director
Community Collaborative of Tahoe Truckee

OUR MISSION

The Community Collaborative of Tahoe Truckee (CCTT), a program of the Tahoe Truckee Community Foundation (TTCF), is comprised of over 45 health, education, and social service organizations and coalitions who have worked together for over 20 years to address the complex issues and fundamental needs of community members in North Tahoe-Truckee. The Collaborative seeks to understand the stories of our local people, and we root our work in the power of data to inform our leaders and drive results.

since November
~North Tahoe - Truckee Homeless Services

HUNGER SECURITY

Hunger relief continues to be a growing need as our workforce flexes to opening and closing businesses during the pandemic. Organizations are seeing an increase in food costs impacting their overall operating budgets.

200% increase in need of food support
~ Sierra Community House

722,000+ meals provided to families
~ Tahoe Truckee Unified School District, Sierra
Community House & Sierra Senior Services

1500+ produce boxes given
~ Tahoe Food Hub

95% first-time in need of food support
~ Tahoe Food Hub

WELL-BEING & MENTAL HEALTH

With so many health issues, instability in our lives and uncertainty, our community is seeing rising needs in supportive services for mental health and substance abuse. Our counties have seen an increase in suicidal ideation and accidental overdoses. Our school district reports that our youth are experiencing heightened anxiety, isolation and lack of motivation. Nonprofit organizations are meeting the demand to help keep people safe and manage through crisis.

200% increase in crisis helpline calls
~ Sierra Community House

300% increase in referrals for adults
to outpatient, substance abuse programs
~ Granite Wellness Center
