

## CCTT Resource Sharing Meeting

Meeting Summary  
September 7, 2021

AGENDA ITEM	DISCUSSION	ACTION
<p><b>1. Welcome</b></p> <p>Timestamp: 0:00:00 - 0:13:30</p>	<ul style="list-style-type: none"> <li>● This Resource Sharing Meeting was translated and interpreted in Spanish by Sandra Rentas.</li> </ul>	<p>Please complete CCTT's Partner Demographic Form: <a href="https://forms.gle/zeZcubh9ds45mJbA7">https://forms.gle/zeZcubh9ds45mJbA7</a></p>
<p><b>2. COVID-19 COUNTY Update</b></p> <p>Raul Martinez, Assistant Director of Placer County Health &amp; Human Services</p> <p>Cindy Wilson, Director of Nevada County Public Health Nursing</p> <p>Timestamp: 0:04:56 - 0:13:03</p>	<ul style="list-style-type: none"> <li>● <b>Placer County:</b> <ul style="list-style-type: none"> <li>○ <a href="#">Data Dashboard</a> <ul style="list-style-type: none"> <li>■ The case rate is plateauing at a significant high rate.</li> <li>■ 7-Day Average Daily Case Rate: Unvaccinated people: 63/1000 and Vaccinated people: 15/1000</li> <li>■ # hospitalized exceed winter highs.</li> <li>■ ICU hospitalizations at last reporting were 56 cases.</li> <li>■ 90% of patients at Placer's three hospitals are unvaccinated.</li> </ul> </li> <li>○ <u>Trends</u> <ul style="list-style-type: none"> <li>■ The Delta has 1000X more viral particles than the original virus. Higher than other variants including Alpha.</li> <li>■ The driver of hospitalizations and deaths is no longer older people in nursing homes/congregate living as it was in the beginning of the COVID-19 outbreak. It is now due to community transmission and much younger people.</li> <li>■ All critical services are impacted when COVID transmission is as high as it is. It strains schools and hospitals, who are at capacity.</li> </ul> </li> <li>○ <u>Vaccinations:</u></li> </ul> </li> </ul>	

- Vaccinations have climbed recently, but there are still 100K residents eligible (many of whom are in the 18-34 year old age group and who have children).
  - 61% of the total population and 71% of those eligible have received at least one dose.
  - Booster vaccine timeline is in flux. Likely to start rolling out at the end of September/October. First doses going to health care workers.
- On August 25th, Placer County issued a health warning on critical infrastructure. It advises all residents to use high quality masks when in indoor settings Read it here: <https://www.placer.ca.gov/7521/Placer-County-Public-Health-issues-new-C>
- The PCR test and rapid antigen tests do not test for the variants. The only way to test for the variant is through sequence testing, which is done in samples by some hospitals.
- Antigen tests are quick tests (home tests hard to find). Because the Delta variant has a larger viral load, they are more accurately picking up the virus. If you get a positive test, follow up with a PCR test.
- According to a participant, The free LHI testing site in Truckee is open 12 hours a day. If you are already in the system you can do a walk-in. You just need to know your patient id number.

- **Nevada County**

- [Data Dashboard](#)
  - 21% of cases are from the eastern part of the County, which is doing a little bit better than the rest of the county.
- As of last week, there were 2 COVID patients at Tahoe Forest Hospital. These patients were evacuated from Barton during the mandatory evacuations.
- From public health's perspective, data regarding death counts and case rate counts could be under-reported. Death count is based on death certificates and case count is based on confirmed positive lab-tested PCR tests only.
- [Schools](#)

	<ul style="list-style-type: none"> <li>■ Contact tracing programs work quickly to keep spread down.</li> <li>■ Recommend that schools put a 10-day quarantine process in place, which means no outside activities in addition to no school. There has been confusion when schools act independently and enact guidelines different from the state.</li> </ul>	
<p><b>TTUSD Update</b>  <i>Carmen Diaz  Ghysels,  Superintendent  Chief Learning  Officer</i></p>	<ul style="list-style-type: none"> <li>● The first day of school was delayed until 8/7/2021 due to the mandatory evacuation of 150 school staff and student families from the Caldor fire.</li> <li>● School is practicing safety measures and has a process in place for quarantine if there is an exposure to the virus.</li> </ul>	
<p><b>Office of  Emergency  Services Update</b></p> <p><i>Dave Atkinson,  Assistant Director  of Placer County's  Office of  Emergency  Services</i></p> <p><i>Robert Womack,  Emergency  Services  Coordinator of  Town of Truckee  rwomack@townoft  ruckee.com</i></p> <p><i>Paul Cummings,  Program Manager  of Nevada  County's Office of</i></p>	<p>With the recent Caldor fire evacuation and upcoming <a href="#">PSOMs</a>, we spent time talking with the region's Office of Emergency Services about the many layers and oftentimes cascading areas of challenges. They answered questions from participants and gave us the following key takeaways.</p> <p>Make a Plan.</p> <ul style="list-style-type: none"> <li>● Call 2-1-1 (1-833-DIAL211) if you need extra support making a plan or check out their resources here:  <a href="https://cde.211connectingpoint.org/search/?q=Disaster&amp;location=Tahoe%2FTruckee">https://cde.211connectingpoint.org/search/?q=Disaster&amp;location=Tahoe%2FTruckee</a></li> <li>● FREED is a resource funded by PGE that can support people with disabilities and older adults during emergencies and PSOMs or PSPS in Nevada and Placer County. <a href="#">Read More</a></li> </ul> <p>Find trusted authoritative information during a disaster.</p> <ul style="list-style-type: none"> <li>● 211 is a great option. Sign up for their County specific alerts at <a href="https://211connectingpoint.org/">https://211connectingpoint.org/</a></li> <li>● Sign up for Opt-in alerts. <ul style="list-style-type: none"> <li>○ Sign-up for Nixle Text alerts by texting your zip code to 888777</li> <li>○ Register for <a href="#">Placer Alerts</a></li> <li>○ Register for <a href="#">Nevada County CodeRed Emergency Alerts</a></li> </ul> </li> </ul>	

*Emergency Services*

- Truckee Donner PUD. To sign up for alerts, visit [www.tdpud.org](http://www.tdpud.org) and click on the My Account button to update your contact information.
- Liberty Utilities. Update contact information at Liberty [here](#) or by calling 1-800-782-2506.
- Make sure information comes from an authority like law enforcement, public works, or the offices of your county or town.. Be mindful about social media.
- 2-1-1 has information in Spanish and English. Both Placer and Truckee said that they try to get alerts out in both languages, but that getting Spanish alerts out quickly is a challenge.
  - Schools will be on the early notification list. However, note that their messaging will be focused on their operations.

Build Your Emergency Kit/Grab-and-Go bag. Think about how it is going to be available to you in an emergency.

Community Resilience:

- Government can't do it all. In the event of an emergency, we need neighbors helping neighbors. Talk to your neighbors. Know their plans. Think about scenarios with children home alone, neighbors with special needs, transportation needs, etc.
- Community Centers: CCTT will distribute information regarding community centers as soon as it is finalized. Do not congregate/ use hospitals as a central meeting location in the event of an emergency as we need to keep the area clear for those needing services. Currently, the Rec Center isn't generator protected and there is limited generator power at the school and at the Joseph Center. Truckee is working with Rec Center and Senior Center to get grants to establish more generator backed up buildings
  - Community Centers and evacuation centers are dependent on the event. Don't want to send people into the line of danger.
  - In the event of an evacuation, people would be directed to Sacramento and Reno.
  - In supporting evacuees, location is balanced by need, services available, and infrastructure capacity.

What can we do moving forward:

	<ul style="list-style-type: none"> <li>Mountain Housing Council's Homeless Working Group is discussing how to get emergency messages to those who are unsheltered and how to transport them in the event of an evacuation.</li> <li>Learn from the West-side of our counties.</li> <li>Collectively work together to ensure resources are translated in Spanish, lead with authoritative information, and lean on organizations like FREED for support.</li> </ul>	
<b>3. Resource Sharing Around the Room</b>		
Heather Schwartz, SOS Outreach	<ul style="list-style-type: none"> <li>SOS Outreach is recruiting positive adult mentors for our Mentor Program, program facilitators to assist with our introductory Learn to Ride program, and Teacher coordinators (especially Truckee Elementary) to assist with youth recruitment in schools. Contact Heather <a href="mailto:hschwartz@sosoutreach.org">hschwartz@sosoutreach.org</a></li> </ul>
